

Hiwassee River Watershed Event!

Hosted By
**Tennessee Department of
Environment and Conservation
Division of Water Resources**

WHAT?
Watershed Event....
for the Hiwassee River Watershed

WHO?
EVERYONE.....
who lives, works and plays in the watershed

WHEN?
Thursday, July 30th.....
at 5:00 pm ET

WHERE?
McMinn County Expo Center
Layman Building
Athens Regional Park
2405 Decatur Pike
Athens, TN 37303

WHY?
To learn about our water resources....
& how to protect them!

WHAT IS A WATERSHED? Well.....It's simply a land area that drains into a particular stream or lake. EVERYONE lives in a watershed!

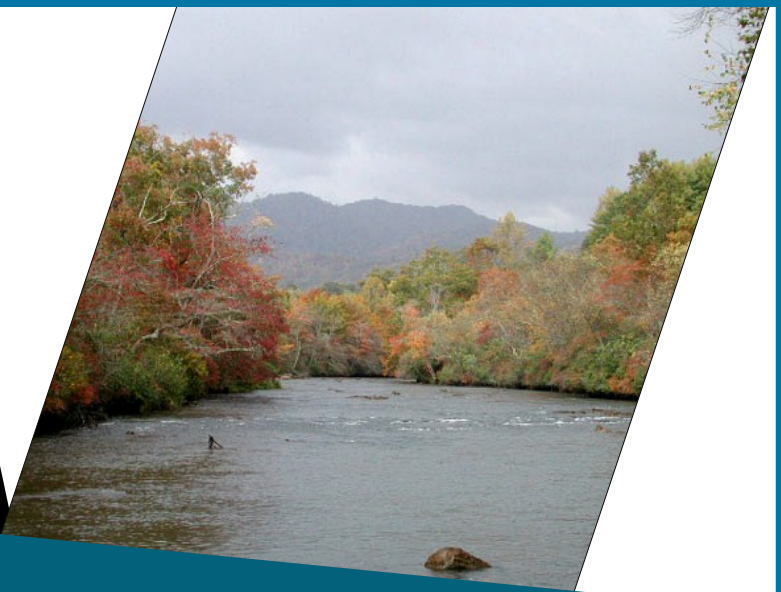

A healthy watershed is important because these waters supply our drinking water, water for agriculture, habitat for plants and animals as well as recreational opportunities like swimming, fishing and boating.

The Hiwassee River Watershed is over 2,000 square miles! Half in Tennessee (Bradley, Hamilton, McMinn, Meigs, Monroe and Polk counties), and half in North Carolina.

It is up to all of us to protect and improve the water resources where we live!

Come on out and find out how to get involved.
